## Description:

Half sister of Caramel and a Talisman daughter, Blithe Spirit was born in 2012: she is the only alpaca in the UK which combines the Talisman & Tulley breeding lines. She has two progeny: DRE Madame Arcati, a MSG female sired by Long John and sold in 2019; and Windsong, a LBR female by Uluru yet to have a cria (and currently for sale). Blithe Spirit is a very robust female, well conformed, with a dense, unshowy fleece and a nice handle.

She is currently spitting off.
