

Coire Inca Fiddich (NEW!)

Price: Price on Application

Sire: Lillyfield Jack of Spades

Dam: Coire Maya Gold

Type: Stud Male (Proven Stud)

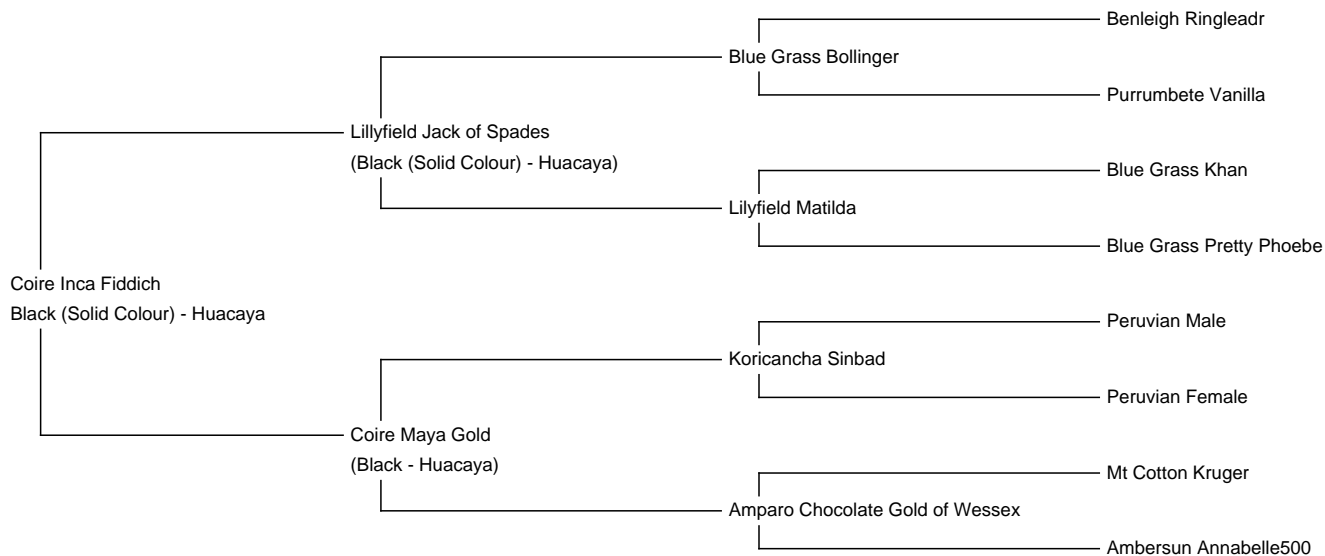

Breed Type: Huacaya

Colour: Black (Solid Colour)

Registered With: COIBASUK27

Blood Lineage: Jack of Spades son from TB dam

Date of Birth: 4th November 2011

Description:

Although he looks Bay Black, when you open up Fiddich's fleece it looks True Black; and most of his progeny are definitely TB. For a 10 year old he has remarkably few white fibres (I found 2 on a recent inspection). His fleece exhibits good density with little guard hair.

Fiddich is a tall, rangy male with excellent conformation. His typical progeny are more compact than he is. He is dense but they are even denser. (I had bought Jameson and Rose some time before I learnt that Fiddich was being sold.)

Sire: Lillyfield Jack of Spades (TB) Dam: Coire Maya Gold (TB)

Maya Gold's sire was Koricancha Sinbad, a TB Australian import with ILR Auzengate in his pedigree.

Progeny

11 registered progeny, of which 10 are SBB or STB

- TWI Cherry Brandy, 4 x 1st, 2 x Colour Champion, 1 x Reserve Champion
