Description:

Like Hermione, Emma came from the heart of the Blenheim breeding programme (both Hildegard and Imogen, their two dams, were daughters of Don Camillo). Emma has a perfect conformation and her fleece is typical of Tulley's progeny. Emma was born on 11/06/2017.

Emma had her first cria in 2020, who is called Balaclava: pictures of her and her fleece are on the dreamcoat.alpacastud.co.uk website. Sired by Furze Park Uluru, she is a very vigorous and fast growing girl, and almost looks like a boy. Her fleece has a long staple with bright, well defined heavy locks and a lovely handle. I was looking forward to showing her at the 2021 BAS National Show.

Emma is currently spitting off.
