Date of Birth: 17th July 2015

Description:

Toffee's parents are laid back and easy to handle, and Toffee himself is very friendly. He was still a lightweight during the 2017 show season but he has now grown out into a splendid looking macho weighing 75 kg and with great presence, an attractive head and strong bone. When he joined our stud group, he found himself up against two older, more muscular males. He has now established himself as one of the leading trio, but at the cost of one front tooth. Aged 5 ½ his 6th fleece is incredibly soft with excellent brightness, a tight crimp style and very little guard hair.

Toffee is the offspring resulting from a womb lease of Motcombe Alula, whose sire is Peruvian Concepts Victor and grandsire Rural Alianza Wiracocha. Alula's dam is Motcombe Nina, who is a grand daughter of Peruvian Hemingway and whose pedigree is all coloured including two true blacks.

Progeny

One in 2020, a solid MBR male with a lovely fleece.

son of Rural Alianza Wiracocha. Alula's dam is the grand daughter of Hemingway but with a mainly coloured pedigree (including 2 blacks).

Like both his parents, Toffee is very laid back and easy to handle.
